

# Johannes Cornelis Beukes

## Objective

I am currently studying towards a BSc Electrical and Computer Engineering degree at the University of Cape Town. As part of the requirements for this degree I have to do 6 weeks of vacation work at a company related to my field of study. I would love to be able to complete at least a part of these weeks at your company.

## Experience

**05/12/2014 - 06/01/2015**    **Waitron at The Peppertree**    **Groot Brak**  
**06/12/2015 - 09/01/2016**

- During the months of December 2014 and December 2015 I worked as a waiter at the Peppertree restaurant in Groot Brak. I worked hard and long hours as the December month is by far the busiest for restaurants close to the sea. However, it was a great time for me and I was fortunately able to make some good pocket money for the rest of the year.

## Education

**2011 - 2014**    **Fish Hoek High School**    **Fish Hoek**

- I thoroughly enjoyed my years at high school and passed my academic high school career at Fish Hoek High School with 7 distinctions.

**2015 - present**    **University of Cape Town**    **Cape Town**

I passed all my first year courses at UCT which included:

- Culture, Identity and Globalization in Africa
- Both semesters of Computer Science
- Both semesters of Mathematics
- Both semesters of Physics for Engineers
- Engineering I
- Engineering Drawing

## Interests

I have a wide variety of interests:

- Trail and road running
  - mountain biking
  - video games
  - quadcopters
  - programming
- electronics

Attached is a copy of my ID, my final high school results as well as my testimonial from school. Other references are available on request.
